

## PRESS INFO ABOUT TAKING PHOTOGRAPHS

In order to limit movement in the stage pit, access is restricted to our Media Manager, 2 official photographers and 3 “rotating” photographers.

For “rotating” photographers, 3 short term passes are available at Band Reception in the VIP tent **on presentation of a press or artist pass.**

Return the passes to Band Reception when you leave the stage area.

Rules for photographers:

- Please photograph as many bands as possible and not just the headliners
- We also appreciate photos of other aspects of the festival!
- ***Only the 2 accredited photographers and the performing band's own photographer may go onto the stage to take pictures***
- Be discreet in the stage pit and avoid standing too long in the way of the viewing public (**dark t-shirts preferred**)
- Make your stay in the stage pit short enough to allow others an opportunity to get the temporary pass after you.
- After the festival, select your best photos, sort and edit them, organise them by date/band and send them to [festival.laroche@gmail.com](mailto:festival.laroche@gmail.com)

***Failure to respect these rules may result in a refusal for accreditation for future festivals***
